Re: Final Remedy
BE Aerospace, Incorporated
EPA ID#: 060 302 577

Dear Mr. Barger,

In an e-mail sent to you this past July I indicated to you I have taken over for Larry Stanley as the Hazardous Waste Section's Project Manager for this site. The e-mail also stated I would be reviewing the facilities history and current status to determine if any issues are pending. Upon completion of this review we have noted that the facility should proceed with drafting a final remedy. We would hope that such an effort can be initiated and accomplished in the coming months.

If you have any questions or comments regarding this review, please feel free to contact me at (919)- 707-8375 or joe.ghiold@ncdenr.gov.

Sincerely,

Joe Ghiold, Hydrogeologist
